Hi Lynn – It is critical to AR's success to ensure everyone is on the same page regarding the topics listed below and progressing toward conducting the required remediation in a timeframe that meets AR's goals. As such, we would appreciate a meeting prior to the end of August. Can you please check EPA schedules and identify a day/time that works for your team to participate in a 2 hour meeting at your office in SF?

Thanks, Chris

Hi, Chris.

I just talked with Rich Hiett about your meeting request; due to end of year commitments we think a meeting at our SF office would be best after the end of fiscal year. I checked our calendars and we are all free the following days/times for a two-hour meeting in our SF office:

Weds 11 Oct 1pm-3pm  
Thurs 12 Oct 10am-4pm

I have cc'd Caleb because he and Rich will be switching Acting Assistant Director duties in Oct.  
We can assure you that in the meantime we will continue to work on C29/C41, advising the State on vapor mitigation LUCs, and Area 40.

Thank you,  
Lynn

Hi Daewon and Lynn – AR's Senior Director of Remediation, Scott Goulart, reached out to Rich Hiatt today to discuss status of project. Rich suggested that due to the number of topics and concerns, that the best approach would be to schedule an in-person meeting with the two of you, me, and Rich and Scott. Topics include partial deletion, Area 40, and consent decree for oversight costs. Can you please check your's and Rich's schedules for a 2 hour meeting on any of the following days/times? We do not anticipate the need for attorney participation.

Tuesday, August 29 at 10am, your office  
Tuesday, August 29 at 1pm, your office  
Wednesday, August 30 at 10am, your office

Thanks, Chris
